Kings Row

Maintenance Assessment District

Preamble

Pursuant to the provisions of the "San Diego Maintenance Assessment District Ordinance" (being Division 2, Article 5, Chapter VI beginning at Section 65.0201 of the San Diego Municipal Code), provisions of the "Landscaping and Lighting Act of 1972" (being Part 2 of Division 15 of the California Streets and Highways Code), applicable provisions of "Proposition 218" (being Article XIID of the California Constitution), and provisions of the "Proposition 218 Omnibus Implementation Act" (being California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law"), in connection with the proceedings for the KINGS ROW MAINTENANCE ASSESSMENT DISTRICT (hereinafter referred to as "District"), BOYLE ENGINEERING CORPORATION, as Assessment Engineer to the City of San Diego for these proceedings, submits herewith this report for the District as required by California Streets and Highways Code Section 22565.

FINAL APPROVAL, BY RESOLUTION NO. _____ ,
ADOPTED BY THE CITY COUNCIL OF THE CITY OF SAN
DIEGO, COUNTY OF SAN DIEGO, CALIFORNIA, ON THE
_____ DAY OF _____, 2006.

Elizabeth Maland, CITY CLERK
CITY OF SAN DIEGO
STATE OF CALIFORNIA

Executive Summary

Project: Kings Row
Maintenance Assessment District

Apportionment Method: Equivalent Benefit Unit (EBU)

	FY 2006	FY 2007 ⁽¹⁾	Maximum Authorized
Total Parcels Assessed:	66	66	--
Total Estimated Assessment:	\$5,984	\$8,682	--
<i>Zone 1</i>	\$5,186	\$5,186	--
<i>Zone 2</i>	\$799	\$3,496	--
Total Number of EBUs:	66.00	66.00	--
<i>Zone 1</i>	43.00	43.00	--
<i>Zone 2</i>	23.00	23.00	--
Assessment per EBU:			
<i>Zone 1</i>	\$120.60	\$120.60	\$120.60
<i>Zone 2</i>	\$34.71	\$152.00	\$428.08 ⁽²⁾

⁽¹⁾ FY 2007 is the City's Fiscal Year 2007, which begins July 1, 2006 and ends June 30, 2007. Total Parcels Assessed, Total Estimated Assessment, and Total Number of EBUs may vary from prior fiscal year values due to parcel changes and/or land use re-classifications.

⁽²⁾ Maximum Authorized annual amount subject to cost indexing provisions as set forth in this Assessment Engineer's Report. Fiscal Year 2006 maximum authorized annual assessment increased by cost indexing factor of 4.01%.

District History: The District was established in Fiscal Year 1994. Zone #2 was annexed into the District as part of the Fiscal Year 2001 proceedings.

Annual Cost Indexing: An increase of assessments, under authority of annual cost indexing provisions (for Zone #2), is required for Fiscal Year 2007.

Bonds: No bonds will be issued in connection with this District.

Background

The Kings Row Maintenance Assessment District (District) was originally established in March 1994 to provide for maintenance of landscaping along a noise abatement wall fronting Euclid Avenue. New areas may be added to the District by annexation proceedings.

In 2000, Carter Reese & Associates petitioned the City of San Diego (City) for annexation of the Village at Euclid development into the District (as Zone #2). Zone #2 was successfully annexed into the District as part of the Fiscal Year 2001 proceedings. The annexation of Zone #2 provides for additional maintenance of landscaping along Euclid Avenue and Ocean View Boulevard. The approximate location of District improvements is shown in Exhibit A.

District Proceedings for Fiscal Year 2007

This District is authorized and administered under the provisions of the “San Diego Maintenance Assessment District Ordinance” (being Division 2, Article 5, Chapter VI beginning at Section 65.0201 of the San Diego Municipal Code), provisions of the “Landscaping and Lighting Act of 1972” (being Part 2 of Division 15 of the California Streets and Highways Code), applicable provisions of “Proposition 218” (being Article XIID of the California Constitution), and provisions of the “Proposition 218 Omnibus Implementation Act” (being California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as “Assessment Law”). This report has been prepared in compliance with Assessment Law.

The purpose of the proposed proceedings and this Assessment Engineer's Report is to update the District budget and assessments for Fiscal Year 2007. The Fiscal Year 2007 assessments for Zone #1 proposed within this Assessment Engineer's Report do not represent an increase from the previous year's assessments. The Fiscal Year 2007 assessments for Zone #2 proposed within this Assessment Engineer's Report, however, do represent an increase over the previous year's assessments. This increase is under the authority of annual cost indexing provisions approved by property owners. Therefore, the vote requirements of Section 4 of Article XIID do not apply to these proceedings.

A public hearing will be scheduled where public testimony will be heard by the Council, and the Council may, at its discretion, adopt a resolution ordering the levying of the proposed assessments.

Bond Declaration

No bonds will be issued in connection with this District.

District Boundary

The Boundary Map & Assessment Diagram for the Kings Row Maintenance Assessment District is on file in the Maintenance Assessment Districts Section of the Park and Recreation Department of the City of San Diego and by reference is made a part of this report. A reduced copy of the Boundary Map & Assessment Diagram for the District is included as Exhibit A.

The Boundary Map & Assessment Diagram details the District boundary, zone boundaries, and approximate location of improvements. As shown in Exhibit A, the District has been divided into two zones for benefit apportionment purposes.

Project Description

The project to be funded by the proposed assessments is the maintenance of landscaping along a noise abatement wall fronting Euclid Avenue within Zone #1. Zone #2 includes provision for additional maintenance of landscaping along Euclid Avenue and Ocean View Boulevard. The approximate location of District improvements is shown in Exhibit A.

Maintenance activities include, but are not limited to, turf mowing, edging and aeration, irrigation, revegetation and replacement of damaged plant material, tree and bush trimming, fertilizing, weeding, ongoing inspection and repairs.

The engineering drawings for the improvements to be maintained by the District are on file at Map Records in the City Engineer's office and are incorporated herein by reference. The specifications for maintenance to be performed will be contained in a future City contract and will be consistent with City standards on file with the Park and Recreation Department.

Separation of General and Special Benefits

The City makes no contribution to the District. All maintenance, operation, and administrative costs that are funded by the District are considered to be "special benefits." The City does not provide similar services to the public at large as a "general benefit."

Cost Estimate

Estimated Costs

Estimated Fiscal Year 2007 annual expenses, revenues, reserves, and assessments (provided by the City) are included as Exhibit B hereto.

Annual Cost Indexing

With the passage of Proposition 218, any proposed increase in assessments must be placed for approval before the property owners by a mail ballot and a public hearing process, similar to these proceedings. A majority of ballots received must be affirmative for the City Council to confirm and levy the increased assessments. For small assessment districts or districts with relatively low dollar assessments, the cost of an engineer's report, balloting, and the public hearing process can potentially exceed the total cost of the increase. These incidental costs of the proceedings can be added to the assessments, resulting in even higher assessments.

Indexing assessments annually to the San Diego Consumer Price Index for Urban Consumers (SDCPI-U), as approved by the District property owners in Fiscal Year 2001 within Zone #2, allows for minor increases for normal maintenance and operating cost escalation without incurring the costs of the Proposition 218 ballot proceedings. Any significant change in the assessment initiated by an increase in service provided or other significant changes to the District would still require the Proposition 218 proceedings and property owner approval.

The maximum authorized assessment established in the Zone #2 annexation proceedings are authorized to be indexed (increased) annually by the factor published in the SDCPI-U. Fiscal Year 2002 was the first year authorized for such indexing. It has been determined

that an increase of assessments, as authorized by the cost indexing provisions, is required for Fiscal Year 2007.

Method of Apportionment

Estimated Benefit of the Improvements

The Transportation Element of the City's General Plan and the general policy recommendations found in the local Community Plan establish several goals for the community's transportation system and urban design features. The improvements being maintained by this District are consistent with the plans' goals for safety and pleasing aesthetics.

Apportionment Methodology

The total maintenance assessment for a given parcel is equal to the parcel's total equivalent benefit units (EBUs) multiplied by the unit assessment rate, as shown in the following equation:

$\text{Total Assessment} = \text{Total EBUs} \times \text{Unit Cost Per EBU}$

Equivalent Benefit Unit (EBU)

Due to the homogeneous nature of the land use within the District (i.e., entirely single family residential parcels) and relative uniformity of benefit to the respective parcels within each zone, each parcel within a given zone will be assessed equally (i.e., each parcel will be assigned 1 EBU). In other words, the total cost of maintaining improvements within a given zone will be equally assessed to all properties within the zone.

Unit Assessment Rates

For each zone, the unit assessment rate for maintenance (unit cost per EBU) is equal to the total maintenance cost divided by the total EBUs:

$\text{Unit Cost Per EBU} = \text{Total Maintenance Cost} / \text{Total EBUs}$
--

As described above, the total assessment assigned to each parcel has been calculated based on the preceding factors. Based on the above methodology, EBUs, unit assessment rates, and total assessment calculated for each parcel can be found in the Assessment Roll (Exhibit C).

Summary Results

The District Boundary is presented in Exhibit A.

An estimate of the costs of the improvements provided by the District is included as Exhibit B to this report.

The assessment methodology utilized is as described in the text of this report. Based on this methodology, the EBUs and Fiscal Year 2007 District assessment for each parcel were calculated and are shown in the Assessment Roll (Exhibit C).

Each lot or parcel of land within the District has been identified by unique County Assessor's Parcel Number on the Assessment Roll and the Boundary Map and Assessment Diagram referenced herein. The net assessment for each parcel for Fiscal Year 2007 can be found on the Assessment Roll.
